

10th Demographic Conference of "Young Demographers"

Actual Demographic Research of Young Demographers (not only) in Europe

7 and 8 February 2019 (Thursday - Friday)

Call for Papers

Dear colleagues,

On behalf of the Young Demographers, Department of Demography and Geodemography and the Geographical Institute (Charles University in Prague, Faculty of Science) we would like to invite you to the 10th Demographic Conference of Young Demographers called traditionally "Actual Demographic Research of Young Demographers (not only) in Europe".

The conference is planned for two days (7th and 8th February 2019) and will take place at the Faculty of Science, Charles University in Prague, Albertov 6, Prague 2. All participants will have the possibility to present their actual research and discuss it with colleagues from other countries or fields of study. Although the conference is focused mostly on Ph.D. students of Demography, all young (or a bit older) researches (**not only demographers** – a section for non-demographers is planned) will be welcomed. The working language will be English and except for a few online posters all presentations are expected to be in oral form. At least one section will be devoted to presentations of research based on usage of the SAS software. The SAS Institute of the Czech Republic and the Institute of Sociology of the Czech Academy of Sciences, partners of the conference, will award a prize of the best presentation using the SAS software or the best presentation with social context. **Prof. Dr. George Alter** (University of Michigan & LONGPOP-INT Project Member) will give a key-note lecture 'Historical and Contemporary Fertility Transitions in Comparison' during this event. This key-note lecture is made possible because of financial support by the LONGPOP-INT project and the European Society for Historical Demography. **Dr. Tomas Sobotka** (Vienna Institute of Demography, ÖAW) will give a key-note lecture 'Fertility in rich countries: trends, surprises and underlying factors'.

On the 6th February 2019 lectures and workshops on current research and modern methods in historical demography will be organized in cooperation with Association for Young Historical Demographers.

If you are interested in participating, please submit the **title** of your proposed presentation, a **short abstract** in English (maximum 250 words) and 3–5 **keywords** via [registration form](http://www.demografove.estranky.cz/en/) (the link could be found on our website <http://www.demografove.estranky.cz/en/>) **before the 14th November 2018**. You will be informed about the acceptance before the 14th December 2018. We are sorry to inform you that there is neither any foundation of your transport and living expenditures nor we can offer you any financial support.

For more information please visit our website (<http://www.demografove.estranky.cz/en/>).

In case of any questions please feel free to contact us.

Looking forward to meeting you in Prague!

On behalf of the Organizing Committee

Klára Hulíková, Olga Kurtinová, Barbora Kuprová, Jitka Slabá, Oldřich Hašek, Kateřina Maláková, Jiří Ruml & Petr Mazouch
